LARRY SMITH, owner of A-MOBILE and manager of T-MOBILE's RF network works with Navy SEAL veteran, JASON CARL PENNINGTON

Intrusive operation after stealing Erik Ivan Rivera's social security card and selling it to black market/ web.

They are committing crime and spreading rumors that it is me doing it.

They put my physical being in a protective environmental input code, which is like a "mirror" as Alfred Galindo told me, so that The original plane or atmosphere does not know where I am. Also to impersonate me and be destructive, so that they can remove the "atmospheric time bubble" and have many cops, or people aim and shoot at me with guns to execute me.

I am also experiencing gang stalking, and they are threatening to create an arrest warrant just like the last felony warrant I had. Only because I refuse to listen to Jason, Larry, and Alfred's, "Gary's" enslavement.

I only use common sense. LARRY, JASON and Bonding companies use Bounty Hunter Programs and CSLI tracking data for their clients. They all use DevOPs. IT Technology, Algorithm and APIs.

THIS MAY BE UNDER A MILITARY BENEFIT OR CARRIER PROGRAM:

BEFORE YOU DISENGAGE THE AI, PLEASE BE SURE NOT TO, OR TO DECODE ANY MALICIOUS CODES, OR CONDITION THE PROGRAM THAT HAS ALREADY BEEN IN SYNC WITH INTERNAL SYSTEM, NEURO, CENTRAL NERVOUS SYSTEM. CYBER-PHYSICAL, INTEROPERABILITY.

Images as reference

Larry Smith has history and credentials for engaging with these foreign radio-frequency (RF) communications, CSLI,

cellular cellular level data mapping and dialectics.

Body Tissue Dielectric Parameters

The body tissue dielectric parameters tool generates ε (epsilon) and σ (sigma) values for various body tissues. A 4-Cole-Cole Model, as described in "Compilation of the Dielectric Properties of Body Tissues at RF and Microwave Frequencies" by Camelia Gabriel in U.S. Air Force Report AFOSR-TR-96, is used to compute the values.

- The tool calculates parameters for frequencies between 10-6,000 MHz.
- The tissue dielectric parameters are computed according to the 4-Cole-Cole Model described in "Compilation of the Dielectric Properties of Body Tissues at RF and Microwave Frequencies" by Camelia Gabriel in the U.S. Air Force Report AFOSR-TR-96.

The Body Tissue Dielectric Parameters tool will provide tissue dielectric parameters computed according to the 4-Cole-Cole Model as described in "Compilation of the Dielectric Properties of Body Tissues at RF And Microwave Frequencies" by Camelia Gabriel in the U.S. Air Force Report AFOSR-TR-96.

The tool provides results for frequencies between 10 and 6000 Mhz.

My last emails that I used to register with ID.ME have been hacked. Those two emails are:

REALSTARREBELS@GMAIL.COM and
0solostar0@gmail.com

I am no longer able to access those emails. I have filed various times with the SSA.Gov and IRS.Gov regarding these matters. There has not been any investigations initiated.

I would also like to remove the phone number 7134940637 from accessing any of these accounts.

The email that I am using now is Suprastarzero@gmail.com and I am using an online texting calling app called TEXTNOW. That phone number is 3467073374.

I am looking to contact the FISAC to report unauthorized disclosure of intellectual property, illegal electronic surveillance and eavesdropping.

I need you to help me identify a thief and a hacker who has used my social security number and my credentials from a Federal Credit Union to engage me in a "trade-secret" with a foreign jurisdiction. My ex-partner, Jason Carl Pennington stole my Social Security Card at the same time that he bonded me out with A-Mobile Bail Bonds around 2018/2019.

They have engaged me in a confidential communication and illegal search that has been intrusive since which has been exposing my personal life and sexual private life to others. This has started a hate and organized crime.

Another person who was intruding into my personal data is Gary Neal Huggins. He was accessing my email:

Ivanspider22@gmail.com and Iam69tazz@gmail.com

I had personal information there in regards to identity, and school graduation certificates.

There has been eavesdropping and an exposure to a group that we used to attend called Alcoholics Anonymous.

I recently found that the number that he used 8328977077 has been in contact with 8327665568 which is a number that was given to me, so that I can contact my mother Diana De Hoyos.

I am now threatened to be paralyzed, deported, and deprived of my corporal senses if I chose to defend myself and my rights governed by the United States Constitution and the Fourth Amendment.

The phone number that my mother had was 7134707683 and 3467744108.

This man named Esteban has produced many fraudulent documents from
Wells Fargo and forged my mother's name, Alma Diana De Hoyos. A death benefit with State-Farm with my name on it stating that I die he is to benefit $30,000.

I spoke to Esteban in regards to this matter and he said that he would remove the insurance policy.

Not long ago I just found another Death/ Life insurance policy which is using my name and social security number.

Esteban claims to be married to my mother several times and how he will not release her. There are many others who are also participating with his organized program in which they are making a movie, so that they can have me "die for my mother or my family".

There is a document that shows a divorce that was paid by esteban versus my mother.

Esteban is using a confidential communication service code: TS or TS/SCI. I am attempting to contact FCC and FTC, so that they can help me recover from this intrusive operation.

Title 47 CFR telecommunications also mentions a transfer of corporate station control.

Esteban has me linked and synchronized to a hybrid cloud that is programed for "executions" and to "ridicule".

The spectrum and paralleled atmosphere that this IT architect has be in sync with enables him to get away from this organized terroristic crime.

I am also attempting to bring this up to the Department of Justice and NIST.gov

I am searching for the correct terms or glossary words that will allow me to disclose this internal matter without revealing secrecy.

I found other similar Developer programs with Google or Microsoft that would best describe my situation or what my experience is. I also found that there are programs and IT DevOps tools which enable Bounty Hunters who work with Bonding companies to track down their clients, should he try to evade. This programs use Head Tracking software and Environmental input and Perception APIs.

Who do I contact to mediate this internal situation which is alleging that I committed fraud against Uncle Sam or towards the Government.

There is a proposal that is requesting that I pay with "Life or Limb".

This man named Gary Neal Huggins disclosed a sign that belongs to his fraternal brotherhood to me with instructions on how or when to use it.

I have done exactly as he has instructed me to, although I have not disclosed it to anyone.

I did not know that he was violating his "Oath" or that he would have to pay a consequence for disclosing his sign.

I am not the one who signed an "Oath", YET I am willing to and I have already came into a local Fraternal Building and spoke to them.

I do not believe that this is what has caused this intrusive operation. I believe that it is being caused by the fact that either he or someone he knows posted sexual footage and content of me on a website that he showed to me called "nastykinkypigs.com" and has proposed a movie or ritual, which is determined to end in a horrific manner.

I am requesting a corporate governance and to use special task ops, so that we can stop these rumors that are following me about my mother dying or being tortured and that they are blaming me, my sexuality, or my secret "in the closet style of cross dressing".

What I am alleging is that I am a United States Citizen and I deserve to exercise my rights which also means my Gay rights and my fourth amendment. Somehow Alfred Galindo, an old friend of mine, knew about the situation and told me that There is a "mirror" that I am in, or a "mirrored code".

The owner of A-MOBILE BAIL BONDS named Larry Smith, is the only man that I find to have the credentials to cause all of the disturbances that I have witnessed and experienced.

Larry has history working for T-Mobile as the (RF) Radio Frequency management, special task ops, and has worked with American Bar Agency.

This shows that he also has access to connect or engage clients with Satellite Telecom/ Telegraph carriers. I am also thinking about reaching out to GLOBAL RFID SOLUTIONS SSN for help, so that we can detect this intrusion and violation of the US constitution.
I am requesting a compensation or contact with an attorney that can help recover from this disaster.

There is a friend of Alfred that said to me, "You have been bought." he also texted me saying "they lay waiting."

There is also someone who has inserted an IR, RF, EMF device in rectum. There is also a time that i was threatened and told to stop being gay, and afterwards there was an explosive burst of air which caused a pain due to the hyper-stretch in the lower abdomen behind the pelvic area. This also has me threatened give me cancer.

The last name Tamayo does not start appearing around my mothers name until the year of 2018/2019, which is also the time that I came out on bond, and around the time that Gary revealed this website called Nastykinkypigs.com.

There is the report that they are abusing a web or mirrored code to impersonate my family or to impersonate me, in which he is said to cause a lot of trouble with other beings or corporation, so that people could hate me and want to kill me because he is to put me under a Great Debt.

This has Mark Daniel Niemic ready to use his computer code or program to switch my Environmental input code, so that the cops. or law enforcement could shoot me or execute me. I do not know how to work with holograms. Maybe by contacting the attorney general, United States Naval Special Warfare Command, or secretary of State will solve this situation.

They are also threatening to hack into the legal system and to produce an arrest warrent for failure to comply. He has done this once already and has resulted me in a felony charge.

They also hacked into my medical records with bentaub hospital and created a file that is labeled under "interactions with the legal system".

While I was living with Jason and after coming out of the bonding office on Katy Freeway, I noticed that There was a group of white cars following me and the people would come into the stores while I was with my mother, and they were using a "clicking" device. Everytime that they clicked it I would feel a pressure in my chest close to my heart area.

I remember that Jason Pennington woke me up early in the morning at about 5am and urged me to administer amphetamines with him through IV. After being administered I started feeling small burn sensation on that same area. Another symptom was that my nervous system was very shaky and I was unable to have a steady hand for signing documents. My mother knew what was going on because while we were at the Social Security Department, she was standing behind me and holding my hand trying to help me write which reveals that she knew.

Not long ago Alfred Galindo admitted to me that he is the one who is "Executing" me, and that the reason why he is doing this is because he has spread rumors that I owe the "MS-13" my son named Zavier as a sacrifice to the "devil". He also said that he wants to make me the sacrifice instead of my son. He has also spread the false rumor that I owe Gary Neal Huggins My son, and that I am to suffer and get killed with son because I did not return to him with my son.

I have already told them that Gary did NOT ask me for my son, nor did he mention his name. Alfred admitted to writing my name, my son's initials and the acronym "ms-13' several times around me.

This is the reason why I am living in poverty, unable to get a job, and experience intrusion which is using a broadcasting service that is not licensed or governed with the Federal Communication Commission, nor is it registered with the USPTO.Gov . It may be because its patents are using AI that has been trained with dangerous behavior patterns, rather that developing a relationship or trust.

Please contact me to 3467073374.

Yours Truly,

MR.RIVERA

EMF, RF, IR, SATCOM, ELINT

The first thing is that the phone number that I used to create this Netzero account belongs to my friend Alex. I do not have service for my iPhone 8. serial number FFMZP00GJC6D IMEI: 353222106494779.

I need you guys to help me test my parameters. I am searching for the correct forms and applications to fill out with the FCC, DoD, and NIST to initiate an investigation regarding an intrusion that is causing channel and signal interference and to Identify, Protect, Detect, Respond, and Recover.

This is causing a vulnerability and it is causing a critical impact.

I also need to report this to the social security administration and to the IRS, regarding trade-secrets, and state-secrets for confidential in-house client corporate communications.

I would not know where to start or the correct the department to begin with. I live in Houston, Texas 77007. If this code falls under TS or TS / SCI.

Someone I know stole my social security number and credentials and engaged me in an involuntary trade and is using my corporate as IaaS for telecom/ telegraph. This explains the morse code and the ringing.

I also need to recover from involuntary corporate clandestine communications.

The major reason why I am requesting this confidential search is because I am constantly receiving messages through this Electronic Service Provider about how this man named Esteban Tamayo has my mother and family under death threat and unlawful surveillance, and is abusing my mother after depriving her of her rights, and has incorporated unlawfully against her will. Another reason that I am requesting this investigation is because I there is a constant threat to have me shot, illegally deported and trafficked to some Human-traffickers.

I know that there is a way that I can have a pilot come in and return my vehicle to safety from this cloud.

I need Defensive offensive network team to penetrate and conquer.

Here are some facts:

- These events started in 2019. After a partner, Jason Carl Pennington, who is a veteran for SEAL bonded me out using his A-Mobile bails bonds. Co-signers are Alfred Galindo and Alma Diana De Hoyos.

- Jason stole my social security card while I was living with him.

- Larry Smith who is owner of A-mobile bail bonds, and works with T=mobile as RF manager has the credentials that explain much of what is happening to me.

- A-Mobile Bail bonds uses Algorithms and API's.

- Someone has been using my T- Mobile ID, without my knowledge these past three years. T mobile confirmed that someone engaged me in “something” but never finished it. She did not tell me who has been using my credentials due to confidentiality, although it involves my SSN. I now have a collector for T- Mobile. Here are the Reference numbers:

- Reference number: 20220521012770. T-Mobile Financial, 368 Ella Grasso Avenue, Torrington, CT 06790. 2/21/2022

- Account Number: 980361919

Where does it justify the fact that they have exposed my private and personal sex life to others who have gained ACCESS to my credentials? There is no security involved in my SOCIAL SECURITY.

I have noted that my perception has changed and what is in front of me changes once it gets behind me. A person's actions change into a completely different action once they pass me up according to perception.

The man that is falsely claiming to be married to my mother is known for producing fraudulent documents and law enforcement badges. This man also produced a death benefit two different times for my name, which shows his anticipation for me to die. He is mentioned under an "OPEN CORPORATE" TAX.

I recently discovered his phone number, 7135040907. I called him and recorded him denying his Employment credentials. I recognized his voice.

He took my mother's phone 7134707683, and has forced her to use 8327665568.

My mother went missing a week later after Mark Daniel Niemic gave me an iPhone whose hardware he had operated on and told me to give to her. During her disappearance I discovered her device located in Channelview, Texas through her Gmail.

I heard my mother crying with my little brother, who were begging him to stop hurting them during a time of her disappearing from her apartment at 621 Charles St. Pasadena, Tx 77502.

The next time I saw my mother she looked different and more like swollen. She lost her apartment, furniture, car, trailer, and now she tells me that she no longer has a place to live, nor do I ever see her with my little brother or son anymore.

THE OTHER FACTS

A man named Gary Neal Huggins visited me while I was incarcerated at the Harris County Sherriff's Office. During that recorded visitation he instructed me to repeat after him. He then showed gave a password and a sign. I asked him, "What does it mean?" and he said, "Do not worry about it, just trust me." He then instructed me to use is in front of a camera, at court, in front of a judge, if I am in trouble, or in danger.

On my court day my attorney, Adam Banks Brown, who noted my sign asked me, "When was I raised?" so I told him that I did not know how to answer his Q, but he should get in contact with Mr. Huggins. I only mentioned that I was under him and did not tell him that Mr. Huggins is the person who gave me the instruction to use his sign.

After I was released from custody while visiting Gary he insisted that I allow him to buy me some panties to play in. I told him no, but he insisted, so I let him. After coming back from the store I put them on and he started taking pictures of me.

He then showed me a website called "NASTYKINKYPIGS.COM" and told me that he is proposing a ritual and asked me if I want him to be "in the movie" with me. Later that night he called me over to his room where he was watching child pornography and I also noted that he pointed his webcam toward my direction as if trying to show viewers my face to say that I am the one watching his page of choice.

There is also a time that he invited me over and began talking about sexual things which involved kids. I told him SEVERAL times that he needed to stop because I did not like his turn on because I have two kids and it turns me off, yet he persisted and mentioned SATAN. He then said that Gary wants “my boy” and asked me, “What do you want?” I said nothing to him. I only shook his hand and left. I was upset because he wasn’t quitting the kid talk. I reported his behavior to my mother the next day because I was also being followed by some Mexicans who were mentioning that “We have to teach him to be about ‘his lip’” or showing that I would get my hand amputated, have my penis cut off, my family sequestrated for not bringing him a “BABY”. Here are some facts to that episode:

- Gary did NOT ask me for my son nor did he mention “ZAVIER”.
- Gary did not request for me to bring him a “BABY”.
- Gary did not request that I bring him anything, or anyone.
- Gary did not say anything about killing or sacrificing anyone.

For a while I was having an internal debate whether or not I should reprimand him for his forthcoming behavior, or if I should just let him slide and allow him to enjoy his “secret fetish” in children.

I remained quiet about this for a while, but I noted that things began getting ugly for me because now there are people would follow me spreading rumors calling me a child molester, and accusing me of child pornography.

I later met a man named Mark Daniel Niemic, who called himself “THE DEVIL”, told me that he is a “warlock and a “HUNTER”, asked me “Why don’t you just mind over matter the baby?” He also told me that I was getting “cut in half, thrown in a dumpster and that if I “just threw them a leg they would leave”. He was also telling his sister that I was brain dead, he is working on a project, how I become active, and how I should be shut down. His sister replied saying that “He would be getting sleepier each day until he dies in his sleep”.

There was also a time that Mark told his sister, “I am adding FUEL TO THE FIRE.” Mark then drove my car to the gas station and filled the gas tank up from the “E” to the “F”. After I drove away from his house on 3007 Larknolls Lane, Houston, Texas 77092 my car set fire. The fire department was called to extinguish the fire on the black Lexus ES330 located on 6314 Gulf Fwy, Houston, TX 77023.

The other small details

- Alfred Galindo was crying and blaming himself for introducing me to Jason Carl Pennington.
- Alfred would get frustrated and demand that I stay away from ALL of his electronic devices because they get intruded on and hacked.
- Alfred threatened to have me “86ed”, deported, and that he knew a “pinky swear” people.
- Alfred mentioned they would be dying from their nervous system.
- Alfred sends me a text message saying “Silence = Death”.
- Alfred tells me that I am in a mirror and the he did not need one because he is “natural”.
- After I asked Alfred if he was really “executing” me, he answered, “How else do you want me to convey it to you?”
- During my mother’s disappearance I noted that he would search through my mother’s apartment as if looking for things to take.
- Alfred said, “who do you think has been writing your name in the places to get your attention?”

This shows that it has been Alfred who has been writing the initial letter “Z” in many places around me as if asking for Zavier, my son. This also shows that he is also the one who has been writing the acronym “MS-13” around me. This also shows that he is the one who has put a jacket, or a tag on me that labels me as an MS-13 gang member. This is what has been putting me under these severe threats because the MS-13 would not like that I am alleged as to be an ms-13 and are having sex with man and have homosexual footage of me in panties or playing with male sex toys.

Not long ago I asked my mother what happened to furniture at her apartment and she told me that it was the “CAT” fault that she lost the furniture.

- I constantly receive messages from this VoIP Electronic Service Provider of Gary calling out saying, “Here Kitty, kitty, kitty, kitty.”

- Alfred and many of the people I know keep calling me a “cat”.

- I heard that the reason why they want me to die is because they do not want to fall under a law suit for this illegal intrusion, copyright, and unauthorized disclosure of Intellectual property.

- I no longer have access to many of my facebook accounts, and many of my email accounts.

- There has been numerous email that have been bounced back to me, so that the department that I was reporting to does not receive my message and report.

- I witnessed Alfred Galindo and his mother talking about the proposed plan on how to develop this “movie”

- I heard Alfred and his friend David talking about how Alfred was to get away with murder and that they would make him look like a hero because he would have to get me to die, so that he can rescue my mother from this threat. This would allow them to do a professional execution, for Jason Carl Pennington and the Bonding company.

- Alfred used the signature on text messages “ El Gran Tosino Slam”. Tosino = Bacon. Bacon = pig.

- I heard reports about how they would make a mutual friend named Douglass Paul Clark aka “Dougie” do his first execution on me. They also celebrated it. I heard that they would marry Dougie and Me and that we would die in bed together, because they did not like his sexuality.

- Many of my friend’s house are intruded on and begin being crowded by white people who begin to live there with them and then they end up kicking me out or not welcoming me there with them anymore. They are also warning me not to hang out with Dougie because they need him to execute me. They also say that he is to shoot me in the face.

- Mark Daniel Niemic also mentioned that he wants to shoot me on the face.

- They are constantly searching for my history or to find me guilty of anything, so that they can justify their execution.

Please contact me asap. There is more detail.

Sincerely,

1. RIVERA Sunday, May 1, 2022
