I Need you to help me schedule for a thorough analysis regarding an active "hemi-bubble" infrastructure that is coded with algorithms and encapsulating my cell site location. There programs are working with intelligence and micro technologies.
He has been masquerading himself by driving attention towards me by creating followers who claim to follow me because of " pedophilia, perverse behavior, and because they are trying to get me to pass away, so that my mother can be rescued after I die because she is being held hostage.

Another distraction is that he has these individuals believe that I am also just a member of their fraternities and that I am only going through a testing, so do not believe if I say anything that sounds "ridiculous."

There is more detail to this, I need a person who carries rank to test this Hybrid Cloud and IC union.

It is all involuntary. It also involves T-Mobile RF Management as a third party, and T-Mobile USA Inc,
Broadcom Inc, has been integrated with my EHR and monitoring me invading my reasonable space of privacy and using IoT communications for targeting frontal lobe cortex to block excitability as a way of "torture and play" integrating visual, sensory, perception cortex.

Environmental changes have happened and the digital environmental is not one that is authorized by me.
The project that he is working on enable him to produce an imaginary scenario through auditory visualization and communicates that perception with the atmosphere.

One of the guys was using his TV remote to gain some control over my neurological pulses and engaged me into a "ritualistic" role program that is based on the color of shirt that individuals wear. Whoever is around you wearing the same color signifies that they are on your team.

Red= you are on a mission or signifies hunting or killing someone. or you are a member of The Church of Satan. or a Devil pact.
Yellow= you are either a child molester or luminati.
Blue= against the devil, chrisitian, or with the heavenly.

A foreign change that is to be noted, almost every scenario that I am in, has individuals wearing camo military colors or uniform.

This is an unauthorized transfer of military protocol and I am URGENTLY requesting to be brought back and restored.
Jason Carl Pennington, and Larry Smith's Bounty Hunters family members, Have been passing me around as a toy and labeled me a "DOE, Turkey, rosicristian" after deploying Artificial intelligence and integrating remote accessible technolgies with my EHR. He also is constantly broadcasting to othres on this cellular NB channel and Psychology era that I am being prosecuted, and that allows a "KKK, MS-13, and other organizations to cyber stalk me.

When can we meet or schedule an analysis, so that we can sign a "non disclosure agreement" or client/attorney privileges.

He and She usually bounce back my emails by inputting codes into my domains, IP, ISP, RFC editor and IRC.

I am requesting that you help me restore back my brains natural production of Dopamine, Euphoria, ecstacy, remove his TMS product from me.

He is able to use his Digital Web-hosting platform to hit me by means of a bilateral/ multilateral tech stack.

Why is my mother's name found as a company. or a business under the Comptroller's website? who are tampering with it, and what "confidential treatments have been issued for her? Is the lady claiming to be my mother really my mother? or

Is it Really Alfred Galindo who agreed with Diana, Jason, and bondsmen to secretly orchestrate my death, so that He can get money from the insurance provider?

I do not have a phone, They all keep getting stolen, hacked, eavesdropped, tapped, and my personal info is leaked.

Do not believe any lies about me, please be sure to test them all, by FIRST communicating with me, and then showing me the facts, then I can respond.

Remember these foreign tele services are recorded, but modified in order to produce a movie about me, that is also proposing a recording of my death.

cell site stimulators are used. Various reports have been made for over a year with several departments the reference report numbers are there.

We need to check " my friend" dougie, because the messages are claiming that he has to come shoot me or execute me and bring his friends from under a bridge to shoot me... I do not know how true this is, but I have to prevent these things from happening.

I reported my son being rumored as a blood sacrifice over a year ago.

He wants to convince others that his product is on my cranium and that he has to shoot me on the head, instead of simply stating that he has the codes and data files saved in his computer's hard drive, or AWS, AZURE, MicroTech, RFID global, and Nimbus-IoT

Allow me to request a setting for a hearing so that I can show a FAIR ACT or PRACTICE.

You searched me and discovered "X" linked to my history

I can search you and your associates the same way in search for "X"

The reason was... you want society to find me guilty of "ANYTHING"

we can search you the same and we can too see what a naughty thing you were.

Let's just be sure to do everything before the eyes of the public, yes even the methods involved during your search, so to assure of bad practices that enable modifications of data or answer.

subject is integrating EHR and interoperability not accessible to me and monitored by several others. i just do not know the IP RELAY or IRC CHANNEL, Organization or Frat involved...

I do not know how to operate this vehicle, I do not know what the obligations are, I do not know what my work or job assignment or task is, nor do i know the rules.

Another thing I am requesting is that after the last three years of constant dielectrics and cell site data monitoring we can agree on issuing a request to the "council on sex offender treatment",

Health and Human Services, Federal Bureau of Investigation

A petition in request that Erik Ivan Rivera's name is removed from the list that is a current and constant block limiting his housing, friends, jobs, relationships and from being an integrated member of a fraternal organization, or society.

It is three more years left of that Sex offender registratrion.

PLEASE HELP ME TO ENFORCE THE FOURTH AMENDMENT

Our right to practice religion, my right and freedom to believe as I like and the right to enforce freedom of and from religion.

to contribute I call on the power of the fourth amendment as it enforces the right to privacy in my house, **person,** vehicle and **whatever I hold as private of my own.**

Any topic or subject found during an unlawful search is inadmissible by the court of law.

on the other hand, whatever crimes are discovered during the search due to probable cause or crimes involving terror or crimes demanding the MUST or NEED for search ARE admissible and prosecutable.

THIS REMINDS ME TO RECALL THE "BILL OF RIGHTS"

WHICH ENFORCES "MY FREEDOM OF THOUGHT" AND PRIVACY.

I don't plan to hide from big brother, but there are rules and regulations that allow today's citizen his privacy enforced by Law.

I WOULD ALSO LIKE TO REMIND US OF OUR NATION'S SIXT AMENDMENT

The right to confront victim, witness for discovery of evidence prior to Trial for prosecution.

I do not find it under justice to Kill or put someone to death without him knowing what he did to invoke such happening.

Again... Had it not been an eavesdropper, or violator of a fourth amendment, listening or reading into my privacy, or what I hold as private and my right of religious belief, the Chaos would not have been a contributing factor.

Please send me the reference number to the police report I made with Houston Police Department also to the office next to the George R. Brown Convention Center.

PLEASE FORWARD THE FOLLOWING TO THE APPROPRIATE APARTMENT DESIGNATED TO: "WHOMEVER IT MAY CONCERN."

Read Erik's report.

The issue is that most of this is based on a background that is being crytpographed, coded with json, APIs, Algorithms, HTMLs, RFC editors, IRC nets and other tele codes that enable the foreign transmissions of energy/ data.

I am constantly reminded that these subjects are sensitive and not meant to be revealed or verbally expressed, so it makes it very difficult for me to report or reach out.

It has me wrongly accused of a crime and threatened to be shot multiple times by several using children, who may also be other adults pretending to be children hiding behind a greenscreen curtain that create transversals and infrared spectrums to be more like not visible to a computer lens. There are patents that allow the integration of digital envisioning for means allowing receptor interpretation to become an asset attributing to the meta and digital platform engagement.

This is a factor in Erik's current background that is allowing a possible enemy to envision Erik's death, shooter or criminal to become a higher possibility by the means of integrating perception APIs protocols with Erik's cerebral cortex, which is also a breached subject found in his medical records.

The other proposal is to integrate technologies to Erik's cerebral cortex and forge government and medical files to authorize permissions to incorporate entity data with Erik's Electronic Health Records (EHR) allowing a controller to remotely prescribe doses of neuro-radiation to progress and induce stages of cancer, Parkinson's disease, epilepsy, stroke, heart failure, comma, paralysis and also have integrated with Erik's visual cortex, perception cortex, sensory cortex, which has now caused neurological impairments.
